### About the Trainer: Faheem Piracha, FCA Principal Consultant, Hyphen Consultancy

Faheem is currently on a journey to help organizations achieve excellence!

A fellow member of the Institute of Chartered Accountants of Pakistan and a Management Accountant from CIMA (UK), he has more than 18 years of experience across various business & finance verticals.

As a Principal Consultant of Hyphen Consultancy, he has been leading IFRS Conversion assignments in the Kingdom for the last one year. As part of these assignments, he has conducted various IFRS workshops with the clients' Finance team and interacted with top management for IFRS implications on the business. Faheem has managed various assurance assignments for listed and Non - listed clients within Big 4 under an IFRS regime. His experience includes 8 years within industry in telecom and Oil & gas sectors. During that period, in addition to other areas, he has been responsible for Financial Reporting and Internal Control domains. He was also engaged by SOCPA to provide an accounting opinion on a complex telecom business transaction. Faheem has in depth experience of conducting workshops and training sessions on various topics of interest including IFRS, Internal Control, Risk Management and Finance for Non – Finance decision makers. He also frequently writes on these topics.
